The monuments of Russian tanks.

I would like to start with the idea what there are a lot of monuments in Moscow which is devoted²⁰ to World War II. Just walk through Central Moscow, ~~the~~ where some monuments are located. For example, monuments of Russian tanks. It looks like a little museum of tanks, which was on battleground in 1942. People can see tiny details, which they can't see in movies. Why I'm recommend it to foreign tourists? Because they can find out how old Russian tanks looks like. For example, famous T-34. It is interesting to Russian students too. They can study history while walking with relatives and friends. Also you can take a photo with any tank and share it with your friends. Upload it to your Instagram account or Facebook. It is a good idea to make a trip with your best friends, through the whole Moscow. By doing that you and your soulmates will learn more about our country's history. In one hand it is really interesting to find out some uncommon facts about that war. But in ~~the~~ other hand it can be boring to modern teenagers¹⁸³. In conclusion I would like to say it is important to know your native country's battles and history.²⁰¹
